

A Night at the Moulin Rouge Raises Record Amount of Funds in support of the Northumberland Hills Hospital Foundation

February 14, 2006

Northumberland County – The results are in and there's nothing but good news to share. Today, 2005 gala co-chairs, Jennifer Stadtke and Sandra MacCoubrey announced that **\$109,563** was raised during the **A Night at the Moulin Rouge** fundraising ball in support of the Northumberland Hills Hospital Foundation.

"We are amazed at the final results, states co-chair Jennifer Stadtke. "We surpassed our expectations significantly. Guests, sponsors, prize contributors, volunteers and the organizing committee should pat themselves on the back for this extraordinary effort".

"We set our sights high enough to purchase a Pyxis Medication System for the hospital", adds co-chair Sandra MacCoubrey. "It is so satisfying to know that because of this success, the community and hospital staff alike will benefit from the purchase of this technology."

The Pyxis MedStation, which is considered state-of-the-art in automated medication management, provides hospital staff with an innovative communications and workflow optimization tool that enables nursing staff, pharmacy and physicians to work more efficiently as a team.

Planning is already underway for this year's event to be held on Saturday, November 18th, 2006.
