Auxiliary Event a Community Success

Wasn't that a party!

"Wine Tasting in the Park" on June 28 had all the elements of a great event: good food, fine wines to sample, great music, sparkling décor and a large crowd of party-goers having a good time in a good cause. The result was a sum of more than \$5400 that will go toward the Northumberland Hills Hospital Auxiliary's support of Digital Mammography at NHH.

The Auxiliary thanks all participants for making "Wine Tasting in the Park" a resounding success. The evening was filled with swinging music provided by The Big Easy Seven swing band, great food organized by and co-sponsored by Mark Pollard of Sprucewood Event Planning and Catering, decorations provided by Canadian Tire and Linda Sedgwick-Sharpe. The generous support from many sponsors in the business communities of the hospital's catchment area was central to the success of the event.

A special thank you goes to the Cobourg Lions not only for allowing the Auxiliary the use of their Refreshment Tent for the evening but also providing Lions volunteers to assist with the event and extending every possible generous courtesy along the way..

The success of the evening demonstrates the value of community support in making a difference. Look for a repeat of this sold-out event next year.
