

## G.P. Anesthetist

Northumberland Hills Hospital is currently recruiting for a G.P. Anesthetist. As a key member of our Surgical Program, you will join a group of three G.P. Anesthetists. Opened in 2003, NHH is a 103-bed hospital offering 24/7 in-house general surgery, obstetrics/gyn and ophthalmology service. In addition, there is a well established program of visiting surgeons including plastics, ENT, dentistry and orthopedics. There is a 24-hour epidural service with approximately 300 epidurals per year. NHH has a 6-bed Intensive Care Unit with state-of-the-art ventilators and BiPaps. The anesthesia service share on-call (1:4) and associated responsibilities which cover general anesthesia in the surgical suite five days per week. This group also share the responsibilities associated with the running of the onsite Pre-Operative Clinic for anesthetic assessments, and provide strong support for airway management and ventilation – both invasive and non-invasive – in the Emergency Department and ICU.

This position requires an Anesthetist to perform full scope of practice anesthesiology. Interested candidates should be registered (or eligible for licensure) with the Ontario College of Physicians and Surgeons of Ontario. The hospital shall consider applicants that may wish to practice in other services, such as Emergency Department, and locum arrangements.

Interested individuals should send their curriculum vitae, along with proof of qualifications and three professional references, one of whom shall be the Chief of Service at the hospital at which you currently hold (or most recently held) privileges, in confidence to:

**Robert Biron, Chief Executive Officer**  
**Northumberland Hills Hospital**  
**1000 DePalma Drive, Cobourg ON K9A 5W6**

About Northumberland Hills Hospital - Located approximately 100 kilometres east of Toronto, Northumberland Hills Hospital (NHH) delivers a broad range of acute, post-acute, outpatient and diagnostic services. Acute services include emergency and intensive care, medical/surgical care, and obstetrical care. Post-acute services include restorative care, interim long-term care, rehabilitation and palliative care. Mental health care, chemotherapy, dialysis and 16 other ambulatory care clinics are offered on an outpatient basis through partnerships with regional centres and nearby specialists. NHH offers a full range of diagnostic services, including magnetic resonance imaging (MRI), computed tomography (CT) and mammography. The hospital serves the catchment area of west Northumberland County. A mixed urban and rural population of approximately 60,000 residents, west Northumberland comprises the Town of Cobourg, the Municipality of Port Hope and the townships of Hamilton, Cramahe and Alnwick/Haldimand. NHH employs approximately 600 people and relies on the additional support provided by physicians and volunteers. NHH is an active member of the Central East Local Health Integration Network (CE LHIN). For more information, please visit [www.nhh.ca](http://www.nhh.ca).
