

DIABETES EDUCATION PROGRAM REFERRAL INFORMATION

As a result of the April 30th, 2010 closure of the Northumberland Hills Hospital Diabetes Program, effective May 1st, 2010 all inpatient and outpatient referrals will now be made to an external Diabetes Education Program.

To assist with appropriate referrals, the following provides details on Diabetes Education Programs available in the community.

Please note that with the exception of the Charles H. Best Diabetes Center, the Diabetes Education Programs listed below will accept referrals from: the patient/family; physician; or a health discipline (i.e. Nurse; Dietitian etc.).
