

FOR IMMEDIATE RELEASE

NHH Auxiliary achieves \$2 million in total dollars raised for NHH

NORTHUMBERLAND COUNTY, Thursday, October 7, 2015 - Northumberland Hills Hospital Auxiliary members are committed to volunteering their time to both patient care and fundraising.

Northumberland Hills Hospital (NHH) opened in October 2003 and every year since, through the Little Treasure Shop, Petticoat Lane, the vending machines, HELPP Lottery, the Bridge Club, the Crafters, the Polar Dip and a few other adventures over the years, the Auxiliary has met its annual fundraising commitment to the hospital. In some years we have exceeded our commitment. We are proud to have been instrumental in the purchase of equipment for our hospital, the sole reason we fundraise.

Today we are presenting a cheque to President and CEO Linda Davis. This will bring our total since October 2003 to \$2,000,000.00. This is not a typo. Two million dollars. We are very proud of our efforts.

Our most recent purchase was twenty new wheelchairs, equipment very important to volunteers, staff and patients alike. We will continue to fulfill our commitment to Northumberland Hills Hospital every year. It's what we do!

Thank you to all those who support the Auxiliary and its activities and, by extension, NHH.
