Flags to fly at half-mast on April 28 in recognition of the National Day of Mourning, moment of silence to be observed

NORTHUMBERLAND COUNTY, Monday, April 27, 2026—The flags will be flying at half-mast at Northumberland Hills Hospital (NHH) in recognition of the National Day of Mourning on Tuesday, April 28, 2026. A moment of silence will also be observed hospital wide at 11 AM.

Established by the Canadian Labour Congress in 1984, the National Day of Mourning honours and remembers individuals injured, killed, or made ill as the result of a workplace-related accident or hazard, including the many families, friends, and colleagues also affected by these tragedies.

“The National Day of Mourning allows us to reflect, remember, and honour the many lives impacted and lost to work-related accidents,” said Susan Walsh, President and CEO. “It also serves as a critical call to action and reminder that health and safety in the workplace is an ongoing shared responsibility.”

“At NHH, we are always working diligently to implement the highest possible standards for mental and physical health, safety, and well-being,” said Lola Obomighie, Vice President of People, Culture and Organizational Effectiveness.

“We remain open to enhancing and evolving current practices to grow alongside the ever-changing landscape of health care.”

About Northumberland Hills Hospital – Located approximately 100 kilometres east of Toronto, NHH delivers a broad range of acute, post-acute, outpatient and diagnostic services. Acute services include emergency and intensive care, medical/surgical care, obstetrical care and palliative care. Post-acute specialty services (PASS) include restorative care and rehabilitation. Mental health care, cancer and supportive care, dialysis and other ambulatory care clinics are offered on an outpatient basis through partnerships with regional centres and nearby specialists. NHH offers a full range of diagnostic services, including magnetic resonance imaging (MRI), computed tomography (CT) and mammography. The hospital serves the catchment area of west Northumberland County. A mixed urban and rural population of approximately 67,000 residents, west Northumberland comprises the Town of Cobourg, the Municipality of Port Hope, Alderville First Nation and the townships of Hamilton, Cramahe and Alnwick/Haldimand. NHH employs more than 850 people and relies on the additional support provided by physicians, midwives and volunteers. NHH is an active member of Ontario Health (East)—formerly the Central East Local Health Integration Network—and the Ontario Health Team of Northumberland.
