

Northumberland Hills Hospital flags at half-mast in memory of Jacqueline (Jackie) Hart

NORTHUMBERLAND COUNTY, Monday, August 31, 2026—It is with great sadness that Northumberland Hills Hospital (NHH) is flying its flags at half-mast in honour of a respected colleague and friend, Jacqueline (Jackie) Hart, who has passed away.

Jackie assumed the position of Admitting Clerk in 2005, then transferred to the Medical Surgical Department as a Ward Clerk, and in 2018 became a Booking Clerk in Surgical Services Department. She was recognized this spring with a long service award for her more than 20 years at NHH. A valued member of the hospital team, she is being remembered for her kindness, unwavering support of her colleagues, and for her dedication in serving her community.

As shared at the spring long-service ceremony, Jackie had most recently played an essential role in keeping NHH Surgical Services running smoothly. Her knowledge and commitment have supported countless patients, physicians, and staff members over the past two decades. Jackie's steady dedication and spirit have made a lasting impact on the hospital, and she will be greatly missed by all her co-workers and friends at NHH.

Outside of her professional role at NHH, Jackie was also a gifted crafter and the driving force behind the annual NHH Crafters' sale bringing together fellow NHH employees and makers for this fun holiday season fundraiser in support of area causes and hospital equipment needs.

Deepest sympathy is extended to her family, especially her two daughters, and to her NHH family and friends.

About Northumberland Hills Hospital – Located approximately 100 kilometres east of Toronto, NHH delivers a broad range of acute, post-acute, outpatient and diagnostic services. Acute services include emergency and intensive care, medical/surgical care, obstetrical care and palliative care. Post-acute specialty services (PASS) include restorative care and rehabilitation. Mental health care, cancer and supportive care, dialysis and other ambulatory care clinics are offered on an outpatient basis through partnerships with regional centres and nearby specialists. NHH offers a full range of diagnostic services, including magnetic resonance imaging (MRI), computed tomography (CT) and mammography. The hospital serves the catchment area of west Northumberland County. A mixed urban and rural population of more than 67,000 residents, west Northumberland comprises the Town of Cobourg, the Municipality of Port Hope, Alderville First Nation and

the townships of Hamilton, Cramahe and Alnwick/Haldimand. NHH employs more than 1,000 people and relies on the additional support provided by physicians, midwives and volunteers. NHH is an active member of Ontario Health (East)—formerly the Central East Local Health Integration Network—and the Ontario Health Team of Northumberland.
